FROM: Mike Ramage (Executive Director) & Baseball Sask Executive Committee

RE: COVID-19 Statement – All Baseball Sask Sanctioned Activity Suspended Until Further Notice

At this time, the Public Health Agency of Canada has assessed the public health risk associated with COVID-19 as low for the general population. There is an increased risk of more severe outcomes for Canadians 65 and over, and those with compromised immune systems or underlying medical conditions. Public health agencies are monitoring the situation and working to limit the spread of the virus.

That being said, as an organization, and as individuals, we all have a responsibility to do our part to keep our community, colleagues and families safe. The following information is to keep you up to date and help you stay healthy.

Therefore, due to the importance of public safety including all of our members, Baseball Sask is suspending all sanctioned Baseball Sask events until further notice. These events include but are not limited to:

- Umpire Clinics
- Coaching Clinics
- Player Evaluations/Tryouts
- Team practices
- Anything else involving team gathering

As a respiratory illness, the best method to protect yourself against COVID-19 is to practice every day preventative actions, which include:

- Practice proper cough and sneezing etiquette (into the bend in your elbow);
- Wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand sanitizer;
- Avoid touching your eyes, nose and mouth with unwashed hands;
- Maintain safe food practices;
- Do not share water bottles
- No shaking hands
- Monitor Provincial restrictions regarding group gatherings
- Avoid close contact with people who are sick; and
- If you are sick, stay home

We will continue to monitor the situation and update our members as the situation evolves. In the meantime, stay safe and we wish you all good health.
